

## **Onboarding Toolkit Inventory List**

The documents in the Orientation Materials library can help members familiarize themselves with the Community Connector website and the P4VE Learning Community.

| Resource Name   | Description  |
|---|--|
| Learning Community FAQs*                                  | This resource includes frequently asked questions about the Community Connector website, Group Learning Events, Communities of Practice, and the Vaccine Resource Hub. It also includes contact information for the Learning Community support team. |
| Two Websites (Learning Community & Vaccine Resource Hub)* | This factsheet highlights differences between the Community Connector website and the Vaccine Resource Hub.  |
| Group Learning Opportunities*                             | This factsheet shares ways Learning Community members can take advantage of available Group Learning opportunities.  |
| About the Learning Community                              | This factsheet illustrates key information about the P4VE program and its Learning Community members including their priority populations, organization types, and distribution by region.   |
| P4VE Learning Community Website Checklist                 | This checklist is a guide for getting familiar with the materials in the onboarding toolkit. The Group Learning team uses the checklist as a roadmap in the quarterly orientation session.   |
| Community Connector (Website) Tutorials                   | This folder contains several step-by-step tutorials for a variety of Community Connector website features.   |
